CLIMAX IN ARBUCKLE CASE COMES TODAY

Packers Adopt Open Shop

MAN FAVORED BY WORKERS; FOUR BIG CONCERNS CHANGE

CHICAGO, Sept. 14.—Open shop throughout the entire industry is proposed by the amendment that begins the new contract, based on the American shop representation plan, as suggested by four of the largest concerns in the industry, the Swift & Co., Wilson & Co. and the Packing Company.

More than 50 per cent of approximately 75,000 workers employed by these concerns throughout the country have voted in favor of the plan. It goes into effect automatically with the expiration of the Alschuler agreement under which Federal Judge Samuel A. Alschuler was appointed arbiter of all disputes between the packers and their employees, and which was enforced as a wartime measure to prevent strikes and insure delivery of meat to the allied armies.

NO CHANGE IN WAGES

There will be no immediate reduction of wages, but the conditions, both of which will remain the same as under the Alschuler agreement. Both may be readjusted later on the plan of either employer or employee only after the action is given and only after agreement have been arrived at by both parties. No announcement has been made by Swift and Company at this time of a new representation plan. It is understood on good authority, however, that no wage reduction is contemplated for the season for the present.

PLAN TO REPLACE

Charles H. Davis, president of the union, Patrick J. Moran, vice-president, and D. J. Moran, secretary, were informed at the American Meat Packers Association that the packers would not accept the plan. The packers would not accept the plan, which is almost identical in operation to the four concerns. All men and women are eligible to employment whether affiliated with an outside union or not. The person may represent workers in the adjustment of grievances who is not an employee of the concern.

WORKERS CHOOSE DELEGATES

The employees select their own representatives to be elected who is not an American citizen or who is not a resident of the United States, and who is not a member of any other union. If representing a group of foreign-born workers it is

SENATE COMMITTEE WILL OPPOSE TAX REDUCTIONS.

Cuts Rate on Freight and Fares Only Half; Wants Sporting Goods to Bear Burden.

WASHINGTON, Sept. 14.—Retention of freight and passenger transportation taxes at half their rates and those on express shipments and oil pipe lines at their present rates for another year and continuation of many miscellaneous taxes which the House voted to repeal were agreed upon by the Senate Finance Committee today as it neared the end of the work of revising the House revenue bill.

The House bill would repeal the freight tax of 3 per cent and the passenger tax of 3 per cent, effective Jan. 1, 1922. The Finance Committee voted to recommend that they be fixed at 1 1/2 per cent on freight and 4 per cent on passenger transportation from Jan. 1, 1922, until Jan. 1, 1923, when they shall be wholly repealed.

DECISIONS REACHED

Other decisions arrived at by the Finance Committee today included: Disagreed to House reduction of tax on articles from 10 to 5 per cent, and recommended that rate be continued. Recommended that tax on chewing gum be reduced from 3 to 2 per cent.

DISAGREED TO HOUSE

Disagreed to House section repealing tax on football, basketball, baseball and other athletic goods, and recommended that rate of 10 per cent on all athletic goods. The House bill reduced present tax of 10 per cent on golf, football, and certain other sports. The committee would cut them all alike.

RECOMMENDED TAX

Recommended tax of 3 per cent on tax on 10 to 14 per cent, recommended that rate be continued, but accepted House section reducing tax on works of art from 10 to 5 per cent, recommending continuation of present rate.

RECOMMENDED TAX

Recommended rate of 4 per cent on cosmetics and 3 per cent on proprietary medicines, both of which are made tax free by the House bill. The committee accepted the House provision that manufacturers' taxes are to be levied on the actual prices charged, whether wholesale or retail.

Class Arbuckle With Debauchee, Gangster in Coroner's Jury Verdict.

[BY A. P. MONT WIRE.]
SAN FRANCISCO, Sept. 14.—The following is the full text of the Coroner's jury in the Arbuckle case: "We, the Coroner's jury, find that the said Virginia Rappe, age 25, single, residence Los Angeles, came to her death on September 9 at the Wakefield Sanatorium from a ruptured bladder, contributing cause peritonitis. "And we further find that said Virginia Rappe came to her death from peritonitis caused by a rupture of the urinary bladder, caused by the application of some force which, from evidence submitted, was applied by one Roscoe Arbuckle. "We, the undersigned jurors, therefore charge the said Roscoe Arbuckle with the crime of manslaughter. "We, the undersigned jurors, recommend that the District Attorney, Chief of Police, grand jury and prohibition officers take steps to prevent a further occurrence of affairs such as the one which caused this young woman's death, so that San Francisco will not be made the rendezvous of the DEBAUCHEE and the GANGSTER."

GIRL'S DEATH CAUSED BY ARBUCKLE, JURY FINDS.

Dist. Atty. Brady Charges Tampering With Witnesses; Attorneys Despair of Getting Bail.

SAN FRANCISCO, Sept. 14.—The finding of the Coroner's jury today following the true bill brought in late last night by the grand jury, charging Roscoe (Fatty) Arbuckle with manslaughter in connection with the death of Miss Virginia Rappe, has thrown a bombshell into the ranks of the defense.

ARBUCKLE CASE HUNT ON IN CITY.

Seek Woman Said to Have Been at Film Star's Party in Bay City Hotel.

Search is being made here for Mrs. Mae Tuba, said to have been present at the Arbuckle party in San Francisco where Virginia Rappe is said to have received injuries that resulted in her death. Mrs. Tuba, a cattle buyer of Sacramento, advised the San Francisco authorities when they sought his wife that she had gone to Los Angeles to visit a certain well-known motion-picture actress, but search here as yet has failed to locate Mrs. Tuba. It is understood to have been only a short time that the Arbuckle party, but the investigators believe she may know some things that have a bearing on the case.

READING OF THE INDICTMENT TO DECIDE CHARGE

[EXCLUSIVE DISPATCH.]
SAN FRANCISCO, Sept. 14.—The most important climax in the case of the State of California against Roscoe (Fatty) Arbuckle, charged with the responsibility of the death of Miss Virginia Rappe, will come tomorrow morning, when a true bill from the grand jury charging the film comedian with manslaughter is presented in the court of Presiding Justice E. P. Shattell.

Reading of the indictment in court will force the hand of Dist. Atty. Brady and he will have to decide at this time whether or not he will proceed under the indictment or insist upon going to trial under a complaint filed by Mrs. E. M. Delmont which charges Arbuckle with murder.

ENTITLED TO BAIL

In the event it is decided that it is advisable to proceed under a charge of manslaughter, Arbuckle will be entitled to bail and his attorneys will make every effort to have their client released from jail at the earliest possible moment.

Frank Montgomery, Los Angeles lawyer in charge of the defense, said tonight that he sees no reason why Arbuckle will not be admitted to bail and that he will appear in court tomorrow morning prepared to make the motion to give liberty to his client and will be ready to furnish any amount of bond within reason.

Dist. Atty. Brady is still undecided which course of procedure he will adopt. He said late tonight that he would confer with his assistants as to on which of the two charges he would bring Arbuckle to trial. Following a conference with Judge Elyasin J. Lazarus tonight it was announced that his court is prepared to proceed with the preliminary hearing on a charge of manslaughter, set for Friday. It is generally expected, however, that the action of the Coroner's jury this afternoon, which accused Arbuckle with the crime of manslaughter, will influence the District Attorney and the Superior Court to proceed upon that basis. Under the law, the defendant will be at liberty on bail some time tomorrow afternoon.

DEFENSE DESPAIRS

Attorney Dominguez, in charge of Arbuckle's defense, was plainly disturbed by the persistent charges emanating from the office of the District Attorney, that witnesses in the case had been approached and said tonight that such a thing was not only improbable but ridiculous. Dist. Atty. Brady said that if any man is attempted to tamper with the witnesses was proven he would be sure to fix the responsibility.

"I am more interested in seeing that money does not influence verdict," said Dominguez, "than in convicting Arbuckle." "A crime had been committed and Arbuckle stands charged with the commission and I am determined that money shall not be allowed to influence a single person connected with the case."

Pending the preliminary hearing Friday or the appearance of Arbuckle tomorrow to hear the formal reading of the indictment returned by the grand jury it is the announced policy of the District Attorney to keep Miss Virginia Rappe and Miss Alice Blake under surveillance and to prohibit any person from being near the house where the crime is considered vital to the prosecution.

CINEMA COLONY STIRRED.

Anecdotes of Arbuckle Told in Discussions of Case as Gloom Permeates Studios.

[BY GRACE KINGSLY.]
Alarm-Clack Alley, otherwise the Los Angeles motion-picture colony, is stirred as never before in its somewhat lively history by the sensational Arbuckle-Rappe case and the indictment of Roscoe Arbuckle on a charge of manslaughter. There's a jittery air on every studio set, sitting out the death watch. Groups of picture players gather about as every rumor in the film world to discuss developments in the case. Opinions and sympathies are as diverse as the four quarters of the earth regarding the truth of the charges made against Arbuckle and concerning the outcome of his probable trial.

Some paint Arbuckle as a belated saint. Others are busy all day hatching his monogram. Gloom so thick you can cut it with a knife has gathered over most of the picture folk, especially in studios where Arbuckle is intimately known. Buster Keaton's studio suspended work entirely for two days following the arrest of the comedian. Mr. Keaton was one of Arbuckle's comedians before he branched out as a star on his own.

"We're sick on his own work," said Buster, with a real choke in his voice and tears in his eyes. To those who know Buster this rare show of feeling reveals how deep his emotions in this matter really are. For once as Buster scarcely ever smiles, so, too, he's not given to turning on the heels. "San Francisco people are doing the whole thing," he added heatedly. "What right has anybody to condemn a man before he is heard?"

"Are you going up to see Arbuckle?" he was asked. "You bet we are, just as soon as we can find time. We got out work so long that we've got to buy! At the last studio, where we were last week by Chief of Police Perry Dowdson of Douglas.

Arrest Two in Seattle as Bank Robbers Here.

[BY A. P. MONT WIRE.]
SEATTLE, Sept. 14.—Two armed men suspected of implication in a \$45,000 bank robbery in Los Angeles, August 30, were arrested here today. Sheriff Matt Starwich arrested a posse of deputies surrounded their automobiles with drawn revolvers. A third man was taken into custody at a house near the city. They gave their names and ages as Jimmy Ryan, 43; Tom Atkinson, 27, and James Barkis, 33. The Sheriff said the three had come from Oakland in the car. Atkinson was reported to have said that he was a rent-car driver in San Francisco and had driven the men from Oakland to Seattle for \$1000. The trio had rented the house where Atkinson was arrested, according to the deputies.

WOMEN IN WILD CHASE.

Three Wealthy Society Matrons Aid Detective in Pursuing Escaped Reformatory Prisoner.

[EXCLUSIVE DISPATCH.]
NEW YORK, Sept. 14.—Three wealthy women, prominent in society and police circles, raced through the streets of Brooklyn, plunged into cellars and vaulted fences yesterday in an effort to catch a young woman who had escaped from Bedford Reformatory, according to an account of their adventure they gave while sitting as spectators in the women's court. The quarry escaped.

The three were Mrs. John Patton of Saratoga Springs, a member of the New York State Commission on Prisons; Mrs. Barclay Warburton of Philadelphia, sister of Rodman Wanamaker, and wife of Philadelphia's Commissioner of Public Safety; and Mrs. George W. Lott, special Deputy Police Commissioner of New York City, in charge of the women's department of the police. With them was Detective Margaret Whitehurst, of the special service division.

The trio were returning from an inspection of the Raymond-street jail yesterday when Detective Whitehurst recognized a young woman on the street who should have been in Bedford reformatory.

AGED BANK HEAD KILLED BY YOUTH Who is Captured

[BY A. P. MONT WIRE.]
DODGE CENTER (Conn.) Sept. 14.—D. T. Rounsaville, 70 years old, president of the First National Bank, was shot and killed late today by a young man, apparently intent on robbing the bank, who was captured a few minutes later. Rounsaville was alone in the bank when the youth entered. The young man did not steal anything, apparently feeling immediately after the shooting. Two men saw him as he ran from the building, shouting: "I shot him, I shot him." A short pursuit ended in the assailant's capture. He refused to answer questions.

ADVENTURES OF GARDNER.

May Not Decide to Leave Island or Go Back to Pen Until Huckleberry Season Is Over.

[EXCLUSIVE DISPATCH.]
McKENNA'S ISLAND, Sept. 14.—Ray Gardner broke into a private home last Friday night and forced the lone woman who occupied it to feed him, according to a report which is being investigated tonight by a posse headed by Henry Crowl, special agent of the Northern Pacific Railroad. According to the report, Gardner warned the housewife not to inform the prison guards of his visit, threatening to return and kill her if she did.

For this reason, she kept her silence, but somehow or other the story of the incident spread among the women of the island and finally reached the prison today.

Crowl has not been able to find the woman who was held up, but he is not discouraged by this as he reasons that, terror-stricken by the bandit, she would refuse to talk any more.

The task of tracking down the escaped train robber is growing increasingly difficult on account of the little army of huckleberry pickers who have invaded the island. The last week to pick berries for the market. There are no less than fifty of these pickers on the island, and they are making it difficult to find the woman who was held up. It also makes it a comparatively simple matter for one of Gardner's friends to slip into the island and help the fugitive to escape.

WAGNER ARRESTED.

James C. Wagner, a prominent Los Angeles attorney, was arrested today on a charge of conspiracy to defraud. He was arrested at his home in Los Angeles, and is being held in the city jail. Wagner is charged with conspiring with a group of men to defraud the Los Angeles City and County of a large sum of money. The case is being handled by the Los Angeles district attorney.

PETER MANNING A WONDER.
Famous Gelding Breaks the World's Trotting Record, Covering Distance in 1:58 Flat.
(BY A. P. NIGHT WIRE.)
SYRACUSE (N. Y.) Sept. 14.—Peter Manning, driven by Tommy Murphy, set a new world's record for four-year-olds by trotting a mile in 1:58 at the State Fair track today. Peter Manning was started to beat 2:00 world's record for five-year-olds gelding.
Arion Guy, owned by Mrs. Harry K. Devereaux and driven by Murphy, set a new world's record for four-year-olds by trotting a mile in 2:01. The former record, 2:03, had been held by Peter Velo since 1918.
These historic events in high harness history featured the Grand Circuit race program.
Peter Manning trotted like a well-oiled machine. He raced against a running horse and passed the quarter in 59 1/4 seconds, the half in 1:14 1/4 seconds and the three-quarter mile in 1:58 1/4.
Murphy plotted similar to victory in the three-year-old class trot, capturing the second and third heats after losing the first to Walter Sterling.
Jimmy McKernan, a bay gelding, carried off the honors in the Chamber of Commerce 2:10 pace. The 2:18 trot was won by Parkeo. Walter Sterling's time, 2:06 1/4, in the first heat of the three-year-

TOTAL ECLIPSE IS ABOUT OVER.
Quaker Grid Prospects Are Bright Once More.
Coach Perry Has Wealth of Healthy Material.
Display of Freshman Players Really Dazzling.
(SPECIAL CORRESPONDENCE.)
WHITTIER, Sept. 14.—Whittier College having been in a state of decided eclipse, athletically speaking, for the past few years, promises to emerge all bright and shining this year, for never in the history of the college has an athletic coach had such an abundance of football material to choose from.
Coach Perry has all but one of his last year letter men and his array of freshman material, many of whom starred in high school, is positively dazzling. He can construct a line that from tackle to tackle, inclusive, will average 190 pounds. If he can inject enough football strategy and sufficient fight into that amount of beef before the team takes on its conference opponents, nothing on earth can keep him from having a football team—some team.
New men who were out for suits this afternoon at the first call for practice were Ed Pickett, Long Beach; Stanford Rohrbough, Pomona; Ralph Hampton, Pomona; Joe Buckmaster, Whittier; Kohler, Army and Navy; Ray Morris, Riverside; Don Wingert, Whittier; White, Huntington Park; C. Shaffer, Atchison, Kan.; Rolland White, U. S. Navy.
Coach Perry has his backfield intact: Suggitt, a half, made the all-star Southern last year, and Thompson, who played a wonderful game at advancing the ball regardless of opposition and whose interference was one of the bright spots of the season, will repay close inspection this year. Reese, fullback, the backbone, or at least one of the important veterans, will be out for his old job, and Ray Johns, the peppy little quarterback who would waste into his weight in wildcats, is back and in a suit.
Other available letter men are ex-Capt. Madden, Pickett, Woodard, Stone, W. Kramer, L. Kramer, Compton, Rayburn, Gilbert, Frasier, Weaver and L. Johns, captain.
GET RELATED ENTRIES.
(BY A. P. NIGHT WIRE.)

Willie Johnston, who put up a wonderful fight against Tilden for national tennis honors at Philadelphia yesterday, but who finally dropped the tough match to the champion.

TILDEN LANDS ON TOP IN TORRID NET CLASH.
Willie Johnston Snorts Out in First Set but Tennis Champ Tightens and Wins Following Three.
(BY FRED HAWTHORNE. EXCLUSIVE DISPATCH.)
PHILADELPHIA, Sept. 14.—This afternoon before the greatest crowd that ever saw a tennis tournament in Philadelphia William Johnston of California, twice a holder of the highest honors on American courts, made his final bow as a contender for the national singles championship title on the famous center court of the Germantown Cricket Club at Manheim.
Johnston, after a valiant but losing fight, went down before the greater speed and the superbrilliance of William T. Tilden II, national and world's champion. The sets went at 4-6, 7-5, 6-4, 6-3, with Johnston worn down by the furious pace in the last two sets, but offering battle to the bitter end.
It was a hard match for the little Californian to lose, for another victory in this championship tourney would have given Johnston permanent possession of the silver bowl on which he won legs in 1918 and 1919. And now, having failed, it is practically certain that "Little Bill" will never return to the East again as a contender for the title he twice so grandly won.
Today marked the eighth time that Tilden and Johnston have met in tournament matches and the victory scored this afternoon makes the fifth win for the Philadelphia man.
REAL SENSATION.
While the Tilden-Johnston match claimed the chief interest of the great gathering, the most unlooked-for sensation of the entire tournament season came half an hour before these two great rivals took the court, when O. Anderson of the Australasian Davis cup team, defeated Richard Norris Williams II of Boston by a score of 6-3, 3-6, 4-6, 6-4 in the fourth round.
Among the eight surviving contenders for the title now held by Tilden, we find tonight three Philadelphians, two Californians, one New York man, one Englishman and one Australian.
BEGAN SERVICE.
In the Johnston-Tilden match, Tilden began the service, but Johnston went away into an early lead of 3-2 and 4-2. He was fighting his way inside the service court, lining up a path that was being raked by Tilden's ferocious low, fast drives, and once inside the service court, the little Californian treated us to some of the best overhead volleying that has been seen on the Germantown courts this week. It was as though a scythe was mowing down a field of wheat. Johnston was the sweep of Johnston's racket.
Tilden made a brilliant stand and brought the game back to even, but both men engaging in a terrific driving duel from deep court. Overhead, Johnston was very sure, but as the pace quickened he fell down several times on easy volleying shots close to the net. The Californian won the fifth game at love, however, on Tilden's service, a net and a double fault by the champion, a beautiful Johnston backhand volley down the side line and then a perfect lob over Tilden's head as the Philadelphian was halfway up, accounting for the points.
Johnston started with a great promise in the second set, breaking through his opponent's service at the start and then winning his own for two. But Tilden rose to truly great heights under pressure and captured the match.
Tilden's victory makes the final round scheduled for Saturday rather an anticlimax. The holder of both the American and English titles is conceded to be the class of the remaining field and it would be an astounding reversal and upset if he were defeated during the next three days of play.
GAVE ALL HE HAD.
The Californian gave all he had in the way of super tennis in his attempt to defeat Tilden and it was only the extra steadiness and flexibility of the victor's game that spelled the margin between victory and defeat. Tilden even in the face of Johnston's hardest bombardment, change of pace and perfect examples of technique and strategy, matched the skill and brain with Johnston and fully held his own. Added to this he had greater physical endurance and court-covering ability. The tennis was so nearly perfect that there was an absence of the smashing kills and unreturnable passes which both Tilden and Johnston employ against a weaker opponent. Today these were injected when occasion offered but such opportunities were few. Each was satisfied to return safely his rival's shot without putting a finality into the remaining field and it would be a reasonable surmise of success. In these exchanges, however, Tilden always held the edge.

START PIGSKIN PRACTICE.
(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Sept. 14.—Football will spiral into the air tomorrow on six far western college gridirons when the teams of the Pacific Coast Conference officially open their 1921 practice season.
Under the conference rules, no practice may be held by varsity teams or be directed by varsity coaches until September 15 of each year. In the several conference schools not yet open the football men are reporting early.
As all the conference schools observe the practice rules, tomorrow will find the varsity squads assembling for the first time in the organization institutions. The University of California, Stanford University, the University of Oregon, Oregon Agricultural College, the University of Washington and Washington State College all open tomorrow it will be more than a month before the conference teams meet. In the meantime they will play non-conference schools and clubs.
The conference schedule follows:
October 22: University of Oregon at University of California; University of Washington at Oregon Agricultural College.
October 29: Washington State College vs. California at Portland; Oregon Aggies at Stanford University.
November 5: Stanford at University of Washington; University of Oregon at Washington State.
November 12: University of Washington at California; Washington State at Oregon Agricultural College.
November 19: California at Stanford; University of Oregon at Oregon Agricultural College.

Head of Old Eli's Football Hopes. Eastern football teams are already galloping around the turf, getting in shape for their early October battles. Here's M. P. Aldrich is a husky young man and, according to early dope, is leading a team that's a serious contender for the Big Three grid title.

PREP GRID STARS ARE TUNING UP.
Sixty Men Report for First Football Workout at South Pasadena High.
With the official opening of the Central League football season, Coach Winters of South Pasadena High put his charges through their preliminary paces yesterday afternoon, and at the conclusion of the practice expressed himself as very pleased at the initial showing of the prep players. Both quality and quantity were much in evidence, and hopes run high at the institution for a championship eleven.
Included in the sixty-odd athletes that reported to Winters yesterday were four veteran players. Capt. Willie Buck, hard-hitting back; Kenny Cleaveland, quarterback; Covey, halfback; and Noverf, guard; all graced the squad last season, and with the services of a number of substitutes, the South Pasadena team will be made up of experienced men.
Yesterday's workout was confined to passing the leather about and trotting around the track. Coach Winters said that nothing very strenuous will be attempted until next week, when his men will hold their first scrimmage.
Winters states that his team will average in the neighborhood of 145 pounds, but will make up in speed what it lacks in bulk. Practice games are being arranged with Santa Ana and Santa Barbara High schools.

he had always paid his monthly rent
of \$17 promptly, but that the rent
for September had been forgotten.
The check, however, had been mailed
the day he received his five-day no-

SAN FRANCISCO, Sept. 14.—The talk of San Francisco tonight is the verdict of the coroner's jury which blamed Roscoe Arbuckle for the death of Virginia Rappe. Ordinarily, an inquest results in a more or less perfunctory finding but today the jury of business men impeached by Coroner Leland not only placed the death of the Rappe girl at the door of the accused but went so far as formally to charge Arbuckle with the crime of manslaughter. They added a recommendation that State, Federal and city authorities take steps to rid San Francisco of the "debauchee and gangster."

Many lawyers claim that the jury exceeded its province in rendering such a verdict, although none con-

ARBUCKLE HELD WAS HIS OWN WORST ENEMY.

Arbuckle Case Brought into Film Censor Hearing.

Screen Writers' Head Draws a Moral from It.

Says Public is Doing its Own Cutting Now.

"Roscoe Arbuckle is his own worst enemy," declared Frank E. Woods, scenario writer and president of the Screen Writers' Guild of America, at a hearing before the Public Welfare Committee of the City Council yesterday afternoon on the question of the film censors. Woods provided for a municipal film censor or censors.

Woods was present with a number of other men prominent in the motion-picture industry to protest against the proposed censorship of the Arbuckle pictures. He brought the Arbuckle case into his argument to show that the withdrawal of the Arbuckle pictures from the city of Los Angeles is proof that the producers and exhibitors could be trusted to do their own censoring.

"Public opinion," said Mr. Woods, "has already put its stamp of disapproval on Mr. Arbuckle's living, and declared that he is a bad influence. No censorship is required. His pictures are being taken out of the city. His reputation is gone. I believe his days are over as a film star, unless he should be acquitted under circumstances that would prove his entire innocence."

CHRONOLOGY OF ARBUCKLE CASE.

(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, Sept. 14.—Eight days have elapsed since the party in Fatty Arbuckle's rooms at the Hotel St. Francis which ended when Virginia Rappe caused her to collapse. The outstanding events since that time are:

Saturday, September 8—Roscoe Arbuckle arrived at the hotel.

Sunday, September 9—Virginia Rappe, Mrs. B. M. Delmont and Al Semmacher arrived at the Palace Hotel.

Monday, September 10—The Rappe party accepted telephone invitations to visit the Arbuckle rooms. Drinkings. Miss Rappe collapsed after alleged rough treatment by Arbuckle.

Tuesday, September 11—Arbuckle returned to Los Angeles.

Wednesday, September 12—No developments.

Thursday, September 13—Miss Rappe removed to the Wakefield Sanatorium.

Friday, September 14—Miss Rappe died. Mrs. Delmont accused Arbuckle. Coroner ordered autopsy.

Saturday, September 15—Arbuckle returned from Los Angeles. Refused to make statement and was arrested on charge of murder.

Sunday, September 16—No developments.

Monday, September 17—Inquest opened and District Attorney demanded indictment on charge of murder. Grand jury adjourned without acting.

Tuesday, September 18—Inquest resumed. Special session of grand jury called. True bill returned against Arbuckle charging manslaughter.

Wednesday, September 19—Coroner's jury finds Miss Rappe came to her death from injuries inflicted by Arbuckle. Charges him with manslaughter. Defenses attorneys had no way to his client released under bond.

POLICEWOMAN GUARDS ARBUCKLE WITNESSES.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Sept. 14.—District Attorney Brady announced today that Miss Alice Blake and Miss Zeh Prevost, witnesses in the case of Roscoe (Fatty) Arbuckle, had been placed in the custody of a woman at their own request. He said they had decided upon this to prevent any possible intimidation.

Miss Blake and Miss Prevost are witnesses in the case of Roscoe (Fatty) Arbuckle, charged with the death of Virginia Rappe. Brady declared that no witnesses had been tampered with in any way.

BAY CITY WOMEN STIRRED.

Vigilant Committee Will Give Support to Witnesses in Arbuckle Case.

(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, Sept. 14.—Realizing that the adoption of a resolution promising support to the women who are to give testimony in the case of Roscoe (Fatty) Arbuckle, the board members of the San Francisco women's vigil committee, meeting in executive session preliminary to the open meeting of the organization today, decided not to present the resolutions which had been prepared.

Speaking of the attitude of the organization toward the women witnesses in the Arbuckle case, Mrs. W. B. Hamilton, vice-president of the organization, who prepared the resolutions, said:

"We feel that the women who are called to give testimony, no matter how they are treated, should receive the support of the women of the city. We want the women to feel that they should stand by them. To adopt any special resolutions regarding the matter is very easy to keep. Every edition of the papers is brought to the studios, and a running fire of explosive comment accompanies the reading of each fresh page, along with the murmured obligation of dependent conjecture and gossip."

"I don't believe it. He's not that kind of a guy. Why girls just threw themselves at his head! Don't you remember that night down at Sunset when those two girls begged you to introduce them to Fatty? One of them said, 'Oh, he gives such lovely presents.'"

"Well, I don't know—don't you remember that party—' puts in another with a voice trailing off provocatively on the details."

"I'll bet that old Sunset gang misses Fatty! He certainly was understanding a prince at a party!"

"Sure! Remember the time Fatty helped pay the bill? Say that guy Blank would pay a nickel to see the resurrection!"

"Gee, that prison stint is awful 'or an idol! Bet he's lonesome in there when a whittling buoy on a foggy night!"

"Well, I never saw a party like that! Some bodies been holding out on me!"

Universities yesterday were as divided in opinion as to the outcome of the case as everybody else. Also as divided in their sympathies. Also as divided in their attitude toward a famous local maker: "The awful part of it is, we're not going to see Miss Rappe in the hospital when she asked for him!"

In fact that seems to be the consensus of opinion against Arbuckle, whatever the subsequent developments in regard to his guilt or innocence may be.

WOMEN TELL VIEWS.

The blue league ladies are often made up of women players.

Fatty was a wonderful friend to me when I needed one," said one pretty star. "He was like a big brother when I was working with him. He always gave every girl and boy their chance."

"I'm not a prude," said a well-known young star, "but I guess we all know that there are about half

DENIES WOMAN "SMASHED" HIM.

Semmacher, However, Says Mrs. Delmont Aimed Blow.

Fears Arbuckle Affair Will Ruin His Business.

Freedom Will Cost Comedian Fortune, He Predicts.

Al Semmacher, who was present at Roscoe (Fatty) Arbuckle's wild party at the St. Francis Hotel, San Francisco, which resulted in the tragic death of Virginia Rappe, pretty film actress, returned last night to his Hollywood home—2001 Pinehurst Road, where he will remain until he is called as a witness at the trial of the corpulent film star who has been indicted for manslaughter.

Mr. Semmacher appeared as a witness before the grand jury and the coroner's jury. Everything he knows about the case, he stated, has been told to San Francisco newspapers. Therefore, he explained, he could add nothing more to his remarks.

He did ask, however, that he be quoted as saying that the stories published in San Francisco relating how Mrs. Raminna Maude Delmont, the complaining witness in the case, had smashed him in the face, were untrue.

BLOW AIMED.

"Mrs. Delmont did not strike me," he stated. "I will admit she took a swing at me with her handbag, but she missed me three feet. There are no marks on my face to show that she struck me. I hold nothing against the woman, for I realize she was very much upset over the entire affair. It was reported that she struck me because I had refused to pay her hotel bill. That is not true. Why should I pay her hotel bill? I only knew her slightly."

"Why did Mrs. Delmont strike at me? Because she made the remark, 'I am still holding the bag,' and my retort was: 'You are holding it a little bag in your hand.'"

Mr. Semmacher showed indications of being still "peevish" at some of the questions asked him by Coroner Leland. He was asked how many drinks Arbuckle had taken at the party.

"To this question I replied that there were probably fifteen persons present at the party coming in and going out, and that it was not my job to keep books on the number of drinks consumed by each member of the party."

FEARS RUIN.

Mr. Semmacher expressed his fear that his business will be ruined by the publicity he has received since the night of the party. As for Arbuckle, he stated, he is afraid it will ruin the film star's future.

"Even if he does come out of it all right," he added, "it will cost him half a million dollars."

Mr. Semmacher said he did not know Mrs. Mae Raube personally, though he might have met her in the rooms, most of whom had left before the happening which the San Francisco authorities believe was responsible for the death of Miss Rappe.

There are more than 200,000 persons connected with various activities of motion pictures in the city of 200,000 inhabitants in a large city. Yet we do not feel odium towards any city when one of its citizens is under the moral and Penal Code.

"The guilty must be punished for their crime. Exact justice must be done. Exact justice does not mean the arraignment of right-thinking, right-living members of society with members who are accused."

PRICES IN GARY DROP.

(BY A. P. NIGHT WIRE.)

GARY, Ind., Sept. 14.—A general reduction in prices ranging from house rents to costs of a divorce is in effect in Gary today. The cause follows closely the big reduction in wages of steel workers. Lower prices were recorded in food and clothing.

ARBUCKLE CASE STUDIO TOPIC.

(Continued from First Page.)

Arbuckle was so well known and so much liked, and at the Reial studio, the crepe suit is simply rummaging up the past. He is now playing the scenes with the muffled on; leading ladies in sob stories find it very easy to weep. Every edition of the papers is brought to the studios, and a running fire of explosive comment accompanies the reading of each fresh page, along with the murmured obligation of dependent conjecture and gossip.

"I don't believe it. He's not that kind of a guy. Why girls just threw themselves at his head! Don't you remember that night down at Sunset when those two girls begged you to introduce them to Fatty? One of them said, 'Oh, he gives such lovely presents.'"

NEW YORK STOCK EXCHANGE.

[BY A. P. NIGHT WIRE]

NEW YORK, Sept. 14.—On the most extensive operation of any session in recent months, the stock market today made some noteworthy accession to its recent recovery. Sales totaled \$75,000,000.

Trade was confusing, however, earlier strength giving way to irregularity at midday. Another vigorous rebound later was impaired by heavy profit taking, this in some instances cancelling gains at the close.

Commission houses with western and other interior connections were prominent in buying. Their participation tended to confirm the impression that public interest in the securities market is showing definite signs of revival. Sentiment in speculative quarters seemed to be buoyed by relaxed monetary conditions and the more stable course of commodities.

INVESTMENT FEATURES

- This issue of bonds will be secured by a first closed mortgage on 43,483 acres of irrigated and unirrigated agricultural and grazing lands located in Apache County, Arizona, along the Little Colorado River and its tributaries, and a first mortgage subject to an underlying State lien on 1760 acres of irrigated land under the Lyman Dam, making a mortgage on 45,243 acres.
- These lands are located adjacent and contiguous to the towns of St. Johns, Springerville and Eager, having a combined population of over 3000. The ownership of these properties, together with forest reserve permits, State leases and water rights, control over 500,000 acres of additional grazing lands.
- These lands are very conservatively appraised by our appraiser at \$1,061,930 and have been appraised by other well-known appraisers at considerably in excess of this amount, which shows an equity in realty above the bond issue in excess of \$800,000.
- Approximately 6000 acres of agricultural lands not necessary to the live stock business will be sold immediately and all contracts of sale will be hypothecated with the Trustee as additional security for these bonds and 70% of all money received from the sale of lands will be used for a redemption fund to retire bonds.
- The home ranch of 2100 acres, all under irrigation, of which 1700 acres are in a perfect stand of alfalfa, cannot be released during the life of this bond issue.

After this financing, the company will own in the form of net quick assets and not covered by this mortgage approximately 10,000 head of cattle, 232 horses and mules, and 100 hogs. The live stock interests, together with the agricultural units, will produce an estimated income of \$50,000 this year and \$125,000 in 1922, or approximately three and one-half times interest requirements.

All proceedings leading up to and including the issuance of these bonds are under the direction of Messrs. Gibson, Dunn & Crutcher of Los Angeles, and Norris & Norris of Prescott, Arizona.

This offering subject to approval of the Corporation Commissioner of the State of Arizona.

Who's the angular party with the sizeable feet, the hoary habiliments and the general air of parsimonious mystery?

This, friends, is Mr. Titus Wad, universally known to his acquaintances as "Tight" Wad. He generally signs himself "T. Wad," however, as this saves ink and paper.

Titus is a cousin of Cicero Wad,

man he does of his right leg. He invented home brew years before the oldest era because it nearly broke his heart to have to pay a cent a very time he wanted a drink. Titus views with alarm his prodigal cousin's plan to divide his money with the readers of The Times, but Mr. Wad is determined to do it anyway. Read in The Times next Sunday how to make money just by being funny.

He accused of assault with a deadly weapon upon Franklin Delaney, who said to have remonstrated with Peeler regarding the latter's scurrilous remarks to Mrs. Delaney, the complaining witness's wife. Mr. Delaney is in a serious condition at the County Hospital.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 23 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 628 N. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. As so had I could hardly walk across the floor and could not do a thing. My sister-in-law told me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. BRADSHAW, 100 West Point Street, Burlington, Vt.

In thousands are many women who have been through surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only recourse, but most of the common ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

KID MCCOY TO GIVE SELF UP.

Pugilist Indicted in Assorted

Oil Stock Fraud.

Men of Many Marriages to
Face Plot Charge.

Company Said to Have Been
Blind for Others.

Norman Selby, known in the prize ring as Kid McCoy, and once holder of the middleweight championship and other pugilistic titles, was yesterday indicted by the county grand jury several days ago, according to information released yesterday by the District Attorney's office, on receipt of word from Selby's attorney that the accused man will surrender himself to custody.

Selby, whose marital affairs have recently attracted considerable attention, returned before Judge Walton J. Wood, of criminal conspiracy charges, to the indictments in the case of stocks of the Texas-Pacific Oil Company. The case, it was said, is associated with similar indictments recently returned against W. L. Wilson, W. L. Barnard, "Big Otto" Kalkbrenner, and others on the same charge. These cases were referred to the grand jury by Dep. Dist. Attorney J. H. Kirkpatrick.

The indicted part of Selby in the case, it is understood, is that he permitted the use of his name in the company known as Norman Selby and Company, which is said to have been set up to stockpile securities in the Texas-Pacific Oil Company. It is charged that through Selby's efforts, the company was induced to invest \$100,000 in the company, believing that the company was paying \$2 per share a month on the investment; that it owned or controlled all lands near Hawthorne and was authorized to sell stock in California.

It is charged that after Selby's company received mail, it was taken from the office of Norman Selby and Company in the Douglas Building (the office of W. L. Barnard) in the Bryson Building, and there opened and handled. Information was given to the investors that Selby received \$100 a week for his services.

**FIGHTER, PIONEER
IS CALLED BEYOND.**

Capt. Frank R. Clark, a pioneer of Southern California and a veteran of the Civil War, died yesterday at Hyde Park at the age of 78 years. He was a native of Groton, Ct., he enlisted at the age of 18 in the northern forces and served four years and four months. He was appointed first lieutenant at the age of 21 and later was promoted to a captain.

At the close of the Civil War, Capt. Clark came to Los Angeles and bought a ranch on Beaman avenue, where he resided for fifty years. He was a member of Stanton Post, O.A.U., and an active member of the Hyde Park Congregational Church. He created the beautiful memorial in memory of his daughter, Cora, who died some years ago. He was widely known in religious circles and took a great interest in missions and in the Moody School of Chicago.

He leaves a widow, Mrs. Lizzie Clark, and one son, Mr. Frank Clark, who is a resident of Los Angeles. The funeral services will be conducted in the Hyde Park Church, with Rev. J. M. Schaefer officiating. The time will be announced later.

STARTS FALL SEMESTER.

Southwestern University Reports a Large Enrollment.

Registration for the fall semester in the school of law, and the school of commerce, accounts and finance of Southwestern University began yesterday, and will continue until September 21. A large enrollment is anticipated, particularly in the law and accounting classes, and a considerable number of additional classrooms have been provided. It is stated. Courses in modern business practices and procedure in the day department, and income tax law and procedure and advanced accounting theory in the evening will be taught by Dean J. E. Bright, C.P.A., Prof. J. J. Barry, C.P.A., who has been secured from the Carnegie Institute in Pittsburgh, will have the advanced accounting course in the day and the cost accounting in the evening. Dr. C. E. Martin, Ph.D., of the University of California will teach the economics course. A complete secretarial course for beginning students will be offered in the first semester. The registration office and classrooms of the university are located in the Wilcox Building.

TRAVEL IN STYLE.

New York Bankers Coming Here in Three Special Trains.

According to advice received yesterday by the local Northwestern Railway office, the Greater New York delegation to the American Bankers' Association convention in Los Angeles will leave New York tomorrow in three special de luxe trains running via the New York Central to Chicago, thence via the Chicago and Northwestern by way of the North Pacific Coast, reaching Los Angeles October 1. This party numbers nearly 500 persons.

These special trains are exclusively drawing-room, compartment sleepers, and are the only trains of this class which have been operated through to the Coast. Each section will also carry a club lounge car as well as two dining and observation cars. The leading bankers of New York will be on these trains. Stops will be made at Danf, Lake Louise, Glacier, Vancouver, Seattle and Portland.

FILLS PHYSICS POST.

Professor From East Takes Up New Duties at U. of C. Branch.

Dr. Lawrence Ellsworth Dodd has become assistant professor of physics of the University of California, southern branch, beginning his duties there a few days ago. Dr. Dodd formerly was with the Bureau of Standards, Washington, D. C., and recently was engaged in special work in physics at the Iowa State University, his alma mater. Dr. Dodd is a native of Iowa. He was graduated from Cornell College of Mt. Vernon as well as the State University,

BEACH FOR BOOSTING CAMPAIGN.

Santa Monica Bay District
Promises to Help All-Year
Club Drive.

The Santa Monica Bay District yesterday placed itself squarely behind the All-Year Club of Southern California and its plan for advertising the attractiveness of the Southland as a place of residence twelve months in the year. The action was taken at a special luncheon meeting of the Ocean Park-Santa Monica Bay Chamber of Commerce at the Marriott-Jones Hotel, at which the details of the all-year movement were given by Daniel H. Jones of the club's executive committee.

More than 100 well-known men and women of the district attended the meeting. They were told by Mr. Jones that the All-Year Club was looking to the bay district to furnish a year's vacation movement were given by Daniel H. Jones of the club's executive committee.

Mr. Kirkpatrick, secretary of the chamber, whose former home was in Hot Springs, Ark., said he had just received word from the executive office of the Missouri-Pacific Railroad that a new train had just been placed in operation by the road between Little Rock and Kansas City to facilitate California-bound passengers.

The letter advised me, said Mr. Kirkpatrick, "that the advertising done in the Middle West by the All-Year Club this summer had made a wonderful impression. A Missouri-Pacific official stated that it was the best travel and resort advertising he had ever seen, and that the agents of the road had found it a valuable stimulus to travel to California."

Mrs. Frank J. Wagner, president of the Santa Monica Bay Women's Club, touched on the value of cooperative effort, and pledged the support of her organization to the Chamber of Commerce.

**Convention of
Veterans Won
by Los Angeles.**

Word was received yesterday from F. F. Reller, Los Angeles delegate to the national convention of the United Spanish War Veterans, which closed yesterday in Minneapolis, that Los Angeles has been chosen as the city in which the 1935 convention will be held.

Mr. Reller's message stated that San Antonio withdrew from the race, leaving Los Angeles the victor. He is expected to reach home in a few days.

**PLAN LAID FOR HUGE
RETAIL BAKERY HERE.**

CAPITALISTS FROM EAST TO
SPEND THREE MILLIONS,
SAYS INVESTMENT MAN.

Plans for the establishment of a \$3,000,000 retail bakery in the city are being made by Samuel H. Devoit of the California Investment Securities Corporation for a syndicate of eastern capitalists including R. H. Ward of the Ward Baking Company in New York City.

According to Mr. Devoit the present plan of the easterners is to erect their plant near Twentieth street and Vermont street, where the building and equipment it is said, will cost upwards of \$1,000,000. The plant will be capable of producing at least 100,000 loaves of bread per day, aside from the pastry output, Mr. Devoit says.

The company expects to turn out 10 and 14-cent loaves of bread and distribute them directly to the consumer in retail delivery wagons. The concern probably will be known as the California Certified Bread Corporation, says Mr. Devoit. The plant will have a baking capacity of 500 barrels of flour per day.

**EVENING CLASSES OF
U.S.G. OPEN TODAY.**

COURSES TO DEAL WITH THE
METHODS OF BUSINESS
AND COMMERCE.

Opportunities for study of business methods were increased yesterday when arrangements were made by the trustees of the University of Southern California for the opening at 7:15 tonight of evening classes of the College of Commerce and Business Administration at 435 South Spring street. More than twenty courses are to be given. Five classes are scheduled for this evening.

The first period will be given over to courses in management, including one in industrial management by Clayton B. Rogers. A course in office management, which will include lectures on filing and indexing, departmental organization, typewriting, graphic methods of presenting facts, and the administration of clerical forces, will be given by Prof. Ralph L. Power.

Business law, by Prof. O. J. Marston, will be given the second period. Prof. Clayton Currie will offer a course in the geography of commerce.

Prof. C. R. Williams will offer a course in commercial Spanish on Mondays and Thursday at 7:15 p.m.

QUITS STATE JOB.

Angelino Resigns as Secretary of
Board of Control.

Stanley P. Allen of Los Angeles resigned yesterday as secretary of the State Board of Control, effective October 8, that he might become manager of the Southern Pacific Securities Corporation of this city, a \$1,000,000 concern organized to finance automobile dealers.

Mr. Allen was appointed secretary of the Board of Control in 1933, and succeeded P. J. Tehaney when the latter was named superintendent of the State Motor Vehicle Department.

Gilbert B. Daniels, chairman of the board, said Mr. Allen's resignation was unexpected, and that no consideration had been given the appointment of his successor. The position carries a salary of \$300 per month.

CHARGES RATES HURT INDUSTRY.

Dairymen Says Espose Tariff Hits Imperial Valley.

Figures in Other Sections Lower, Asserts Stamp.

Mass of Evidence Piles Up at Rail Board Hearing.

One of the important witnesses yesterday in the Imperial Valley's fight against the Southern Pacific for lower freight rates was P. W. Stamp, traffic manager for the California Central Creamery Company. Testifying before State Railroad Commissioner Loveland, at the rate hearing here, Mr. Stamp declared that much of the present unenviable condition of the dairying business in the valley is directly due to what he described as "excessive and discriminatory freight rates."

That the hearing, which began Tuesday and was scheduled to end tomorrow afternoon, will necessarily have to be continued several days, was indicated at the afternoon session by Fred F. Gregson, secretary and traffic manager of the Associated Jobbers of Los Angeles, who is conducting the freight rate fight for the valley interests. After an entire day spent in submitting masses of tariff schedules, maps, charts, magazine articles and other exhibits, Mr. Gregson declared to the commission that he has several more witnesses to present and quantities of additional exhibits to submit before the hearing ends. The date for the continuance will probably be set at today's session.

PRESENTS MASS OF DATA.

Carefully prepared statements and charts designed to show that freight rates on various commodities to and from the Imperial Valley are excessive and discriminatory compared to the Southern Pacific's rates on the same commodities for similar hauls in other parts of the State, were submitted one after another.

According to the statement of Mr. Gregson, showed clearly that the railroad company is asking a much higher rate for transporting the same commodities to and from the Imperial Valley than it is receiving in other parts of the State.

The presentation of this mass of data, occupied almost the entire day and was not completed here not until after 3 p.m. that Mr. Gregson, putting aside the presentation of the exhibits for the time being, called Mr. Stamp, the only other witness of the day.

The witness declared that his company has had a plant at El Centro for four years and that, to date, it has not turned a profit to its owners, the California Central Creamery Company. This condition, he declared, is due largely to the high freight rate the Southern Pacific charges for transporting butter, local produce and other materials shipped from Los Angeles to El Centro.

He testified that the destinies of the dairymen of the Imperial Valley from whom the company purchases its butter fat, are closely linked with those of the plant, "for we prosper so do they, and as we fail to prosper so is their failure emphasized," the witness said.

RATES INDUSTRY HIT.

The Imperial Valley, he testified, produced for the year ending June 30, a total of 5,400,000 pounds of butter, the bulk of which was shipped to Los Angeles. Of this amount his company produced and shipped almost half, he declared.

He described the dairymen interests of the valley as one of the important industries there, representing an investment of several millions of dollars. He said that approximately 500 ranchers, their families and helpers are dependent upon his company's plant alone for their income, and that the price the company is able to pay them for their butter fat depends almost entirely upon what the company can get for its butter in Los Angeles markets.

After going into detail as to rates per 100 pounds and per carload charged by the Southern Pacific for butter shipped from El Centro to Los Angeles, the witness gave rate figures covering similar shipments from plants of other companies in other parts of the State to central markets, and showed by this testimony that the Imperial Valley rates in every case are considerably higher.

The company has twenty-two plants operating in the Imperial Valley, the State, and the books of every plant except the one situated in the Imperial Valley show a profit in the manufacture and sale of butter, the witness declared.

WOULD MEAN HAPPINESS.

"If we could make a profit of 1 cent a pound on the butter we ship into Los Angeles from El Centro, we would be happy," Mr. Stamp declared. The old rate of 50 cents per 100 pounds in effect some time ago, would make a 1-cent profit possible, he testified.

Mr. Gregson, who conducted the examination, endeavored to bring out through the testimony of the witness that prevailing freight rates in the Imperial Valley are directly responsible for the present high cost of living in that rich community. The witness declared in answer to a direct question that in his opinion such was the case.

At today's session witnesses conversant with other industries of the Imperial Valley, including hay-growing and shipping, live stock, grain and oil, will testify regarding the rates being charged by the Southern Pacific on these commodities, and the effect of these rates on the industries themselves, so far as the Imperial Valley is concerned.

MAY ALLISON HAPPY.

Wedded to Ellis and Expects Related Honeymoon, Star Says.

Through an inadvertence in an account in The Times of the two marriages of Miss May Allison, motion-picture star, it was made to appear that Miss Allison would attend an annulment of her marriage to Robert Ellis, motion-picture director.

On the contrary, Miss Allison stated, she is happily married to Mr. Ellis, and soon expects to enjoy a belated honeymoon with her director-husband, whom she left in New York immediately after their marriage at Greenwich, Ct., on Thanksgiving Day, 1920. Miss Allison was secretly married to Col. Stevenson Dec. 1, 1919, in Santa Ana, but, she says, the marriage was not consummated. She secured an annulment of this marriage in San Francisco, in February, 1920.

The People and Their Daily Troubles

DOROTHY DIX TALKS

Personal Liberty.

BY DOROTHY DIX.

There is nothing more curious than this: That the more we know of the lives of the great men of the world, the more we find that they were all men of personal liberty. Yet the one thing that we are most loath to accord to others is personal liberty that we desire so ardently for ourselves.

What is money worth without freedom? What is power worth without freedom? What is knowledge worth without freedom? What is love worth without freedom? What is life worth without freedom? What is the joy of the world if some tyrant is crushing all the joy out of existence? What is the joy of the world if some tyrant is crushing all the joy out of existence? What is the joy of the world if some tyrant is crushing all the joy out of existence?

A man has been accustomed to being his own master, to going and coming as he pleased, to eating what he liked, to having his hair cut the way he fancied, and to wearing the clothes he preferred. He gets married, and the very first thing his wife does is to take his hair away from him, and to put him through a third degree about where he has been, and what he has done, and whom he has seen every time he comes home.

She sits in judgment on his food and tells him how bad every thing he likes is for his stomach. She turns his old friends out of the house and installs new ones. She wears his hair the way she thinks is becoming, and he finds that he has just as much liberty as Pido has when his mistress takes him out on the end of a leash.

A girl gets married. She, also, has been free to follow her own inclinations. Perhaps she has been a business girl. She has had her own pocketbook. She has gone to the places of amusement she fancied. She has been esteemed of sufficient intelligence to join such clubs as appealed to her, and to

generally order her own life along the lines she desired.

But she finds that husband thinks that home is a combination harem and work house. She must beg his permission to go to places. She must ask for what money she needs. She can't have any innocent friendships with other men. She can't even go to the movies if he austere disapproves.

Is it any wonder that these two people rebel against the intolerable conditions they force on each other? Is it strange that they come to hate each other, because each sees in the other a tyrant who is trying to reduce him or her to slavery? Is it a marvel that those who have the courage and such prison sentences by divorce?

Look at the widows and widowers about you. How often they are almost indecently reconciled to their loss. It is because, for the first time in their lives, they are enjoying the privilege of doing a single thing the way they liked to, or of going to a place without asking some one's permission, or having to offer an explanation afterwards of why they did it.

Parents are equally tyrants to their children. In the majority of homes a battle royal rages perpetually in which the parents fight tooth and nail for absolute domination over their children, and the children struggle frantically for self-determination.

Of course, little children must be controlled, but parents never realize that their sons and daughters grow up and come to have a right to their own lives, and so father and mother never give them an inch of personal liberty until the children achieve it by leaving home.

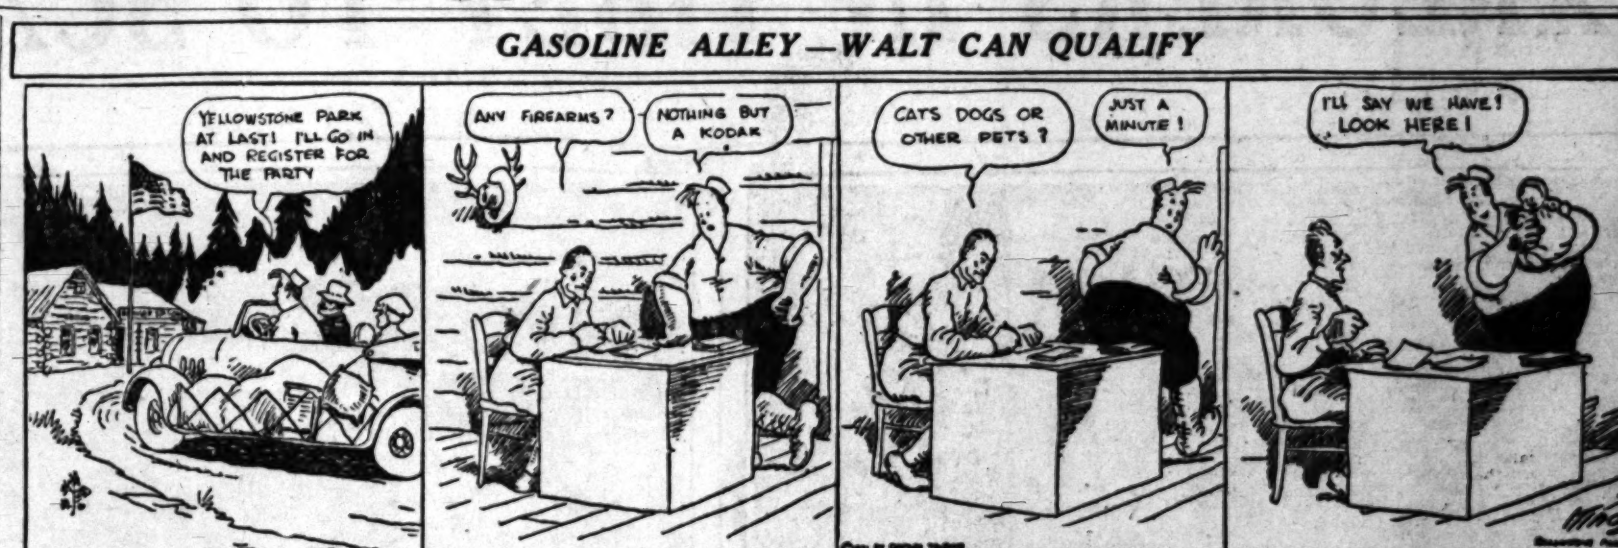

You could stop divorce, you could stop family quarrels and bickering, you could keep the children at home if you would only accord to them the right to do as they please, and hold their own opinions—if you would only give them a little personal liberty.

Try it and see if it works!

LOS ANGELES, Sept. 13.—[To the Editor of The Times:] In all matters pertaining to Indian history, and Indian questions today, it must not be forgotten that there have been two distinct racial and religious wars that have caused civilization to be brought into the peninsula. It was these missionaries who gave the South of India a written language, which is an island of civilization in the South of India.

When Mohammedanism arose in the seventh century as a great world religion, its warriors first approached India by sea, conquering Sindh from the Arabian Ocean. This occurred as early as the year 711 A. D. Later invasions, however, were by the Mogul empire, who were making conquests in the valley of the Ganges. Finally the Mogul conqueror Babar, not long after the time of Columbus, brought the whole of India and Mohammedan way, and made Delhi the capital of the peninsula. But the Mogul hold on the south was always feeble and uncertain; and the Mogul coast on the south was never practically shut out from the rest of India.
